■HARC-PRO. Racing Team principal : Shigeki Honda

I am very happy to participate in the 2024 season. The entry name will be changed to "SDG Team HARC-PRO." In JRR, I would like Teppei to aim for victory with better results than in 2023, and if possible, his goal is to be in the top 3 in the rankings. I hope Yuki that he will aim his first winning and get the championship. Kanta is a new member, but he was a player who worked hard in Asian race when he was young. This will be his first time participating in the ST600, but I hope he will aim for a high ranking and not getting injured in his first year. Regarding ARRC, Chihiro Ishii was running in the AP250 in 2023, but 18-year-old Filipino rider Jacob will be participating in the race for the first time in place of Ishii. Yuki will be competing in the ASB1000 class with a double entry, aiming for the championship. Thank you all for your support.

I am very happy to continue the member in SDG Honda Racing. This season marks the 10th year since I became a member of HARC-PRO. This will be my 4years competing in the JSB1000 class, and it will be a competitive year. I will work with my team to do our best work with the aim of winning our first championship.

I am very happy to participate in JRR and ARRC in 2024. I am very grateful to the team and sponsors. 2023 season is no good for me but I want to compete in perfect condition. And I want to win the double championship in the ST1000class and the ASB1000class 2024 !!

I am very happy to participate in the All Japan Road Race Championship ST600 class with SDG Team HARC-PRO. in the 2024 season. I am excited about my new team, track and bike. I will do my best to translate this feeling into results.

To bring pride to my nation and to promote Honda as well equipped with my skills and agility and I'm so happy and excited to race next year in AP250 category with SDG Team HARC-PRO Honda Ph.
